

# Air Conditioning? We are the specialists.

Air conditioning is our business. We can specify, install and maintain the correct system for your business, no matter how big (or how small). And to a budget that suits your pocket.

And if you already have air conditioning, we understand the current regulations and can maintain or upgrade your installation to the latest standards.

Our many years of experience and impressive list of clients is one of our greatest assets.

So whatever your cooling requirements, give us a ring.

**Independent  
Heating  
& Cooling**
